The number preceding variety name is show color classification - NAGC 1955

"E" means Early; "M" Midseason and "L" late blooming season.

We were well pleased with the reception given our "XLO" this season and hope every one had good results.

XLO is a sport of Dieppe with a clean deep salmon shade for us. Color classification 532. For us blooms in about 80 days, five to seven lightly ruffled, 5 1/2 inch florets on a 19 bud spike; field height 60 in.

The color is a smooth glowing coral salmon with slightly deeper blotch characteristic of the parent. Our florists are enthusiastic and visitors invariably pick it out as one "I want".

1956 prices are Large \$1.00 Medium .75¢ Small .50 Bts. 10/75¢

Unit 2 large, 2 medium, 2 small and 25 Bts. for \$5.00

The reason so many varieties are large only is that between illness and excessive rain a lot of our young stock froze.

We have a good stock of Roger Arnett's later releases and because there seems interest in them we can offer a collection of 1 large, 2 med. 4 small bulbs of each Cascade Splendor, Chapel Bells, Dark Melody, Embers, Pink Cameo, Polar Queen, Remembrance, Silver Charm and Victoria, value \$6.75 for \$5.00 postpaid. If you wish to include 25¢ for postage we will include a large bulb of each Candlelight, Dancing Flame and Deep Velvet.
